- 3 Exhibits should include only the species from the official "Trees of Louisiana" list produced by the Louisiana Cooperative Extension Service.
- 4 Mounting of tree leaf collections in a notebook shall be as follows:
  - a. Each specimen shall be dried and individually mounted on 8 1/2" x 11" and displayed in a loose-leaf notebook binder or similar ringed folder. Specimens may be mounted on pressure-sensitive, self-adhering transparent plastic sheets or other similar material.

Specimens may also be glued to heavy duty paper or light cardboard.

  - b. Junior exhibitors (9 to 13 years of age) should identify the specimen in the lower right hand corner of the display sheet, using the common name only.
  - c. Senior exhibitors (14 to 18 years of age) must put a 2 1/2" x 3" label in the lower right hand corner of the display sheet. The label must contain the scientific name, common name, location collected, date collected and collector's name.

d. For large compound leaves, a single leaflet may be used. However, it must be labeled as a leaflet. A description of the identifying characteristics of the leaf must also be included. (i.e., compound leaf, 6 to 12 inches, 7 to 9 leaflets) This information should be put to the left of the label.

e. For both regular leaf collections and digital leaf collections, the front cover page of the notebook must have "Tree Leaves of Louisiana" typed or printed on it. The exhibitor's name, address, age, 4-H Club or FFA chapter, and parish must also be typed or printed on this page.

f. For both regular leaf collections and digital leaf collections, the notebook must have an index page with the specimen identified by common name. The index should list the specimens in the order in which they appear in the notebook.

6 Judges will subtract two (2) points from the score for each specimen incorrectly identified.

7 More complete and specific instructions for making collections are in the 4-H Forestry books.

8 NEW CATEGORY – Digital leaf collections

Exhibitors will create a collection of digital photos that can be used to identify trees.

9 Exhibits should include only the species from the official "Trees of Louisiana" list produced by the Louisiana Cooperative Extension Service.

10 Digital leaf collection format shall be as follows:

a. Two to four photos will be provided for each specimen. One will be a close up of an individual leaf. The others can be any other features that help distinguish the species such as the leaf arrangement on a twig, the bark, fruit or flowers, the overall tree form or other distinguishing characteristics.

b. Photos should actually be taken by the exhibitor and should be of trees that are growing in Louisiana.

c. Each photo should contain a small reference tab with the 2018 Louisiana State Fair logo and the exhibitor's name (see sample tab below). This can be on a small piece of paper, held by the exhibitor or stuck to the specimen.

d. The two to four photos will be inserted on an 8 1/2" X 11 " piece of paper. Each photo should have a brief description of what is being shown. (Examples – winged seed, opposite leaves, smooth trunk, etc.)

e. Exhibitors under 14 should have the common name at the top center of the page. Exhibitors over 14 years of age should have the common name, scientific name, date collected, and general location of the tree at the top center of the page.

f. The entire collection, including the front cover page, index page and specimen pages will be turned in on a CD, as a word document or pdf. The exhibitor will also select and print the cover page and his or her favorite 10 specimen sheets and put them in a 3-ring binder to be

used as an exhibit. See 4 (e) and (f) for directions on the cover page and index page. The CD with the entire collection can be put in a sleeve in the binder or attached to the binder.
